

A family and future for children trapped by poverty

Link with a family caring for children and orphans in the slums of Kampala, Uganda

kariskids.org

» Half of Uganda's children live in poverty

They lack food, clean water, education, and healthcare.

» Living on less than £1.40 a day

These children fight to survive each day with no hope that things will change.

**WE'RE ON A MISSION
TO CHANGE THAT.**

THE KARIS KIDS MODEL

Family to Family

You link with a family in the slums of Kampala. Your monthly gift funds...

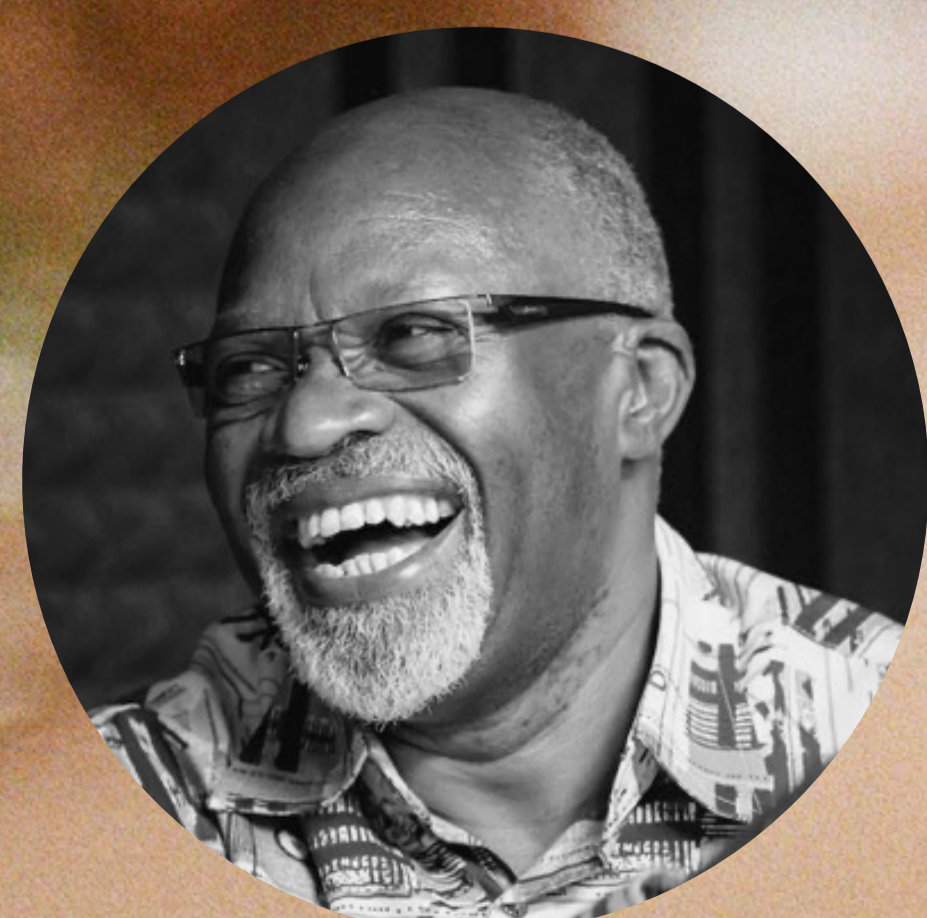

- school fees
- beds with mosquito nets
- supplementary food, water filtration, household basics
- medical care
- pastoral support, career guidance, and life skills training

Church to Church

UK churches support community church workers local to each Ugandan family.

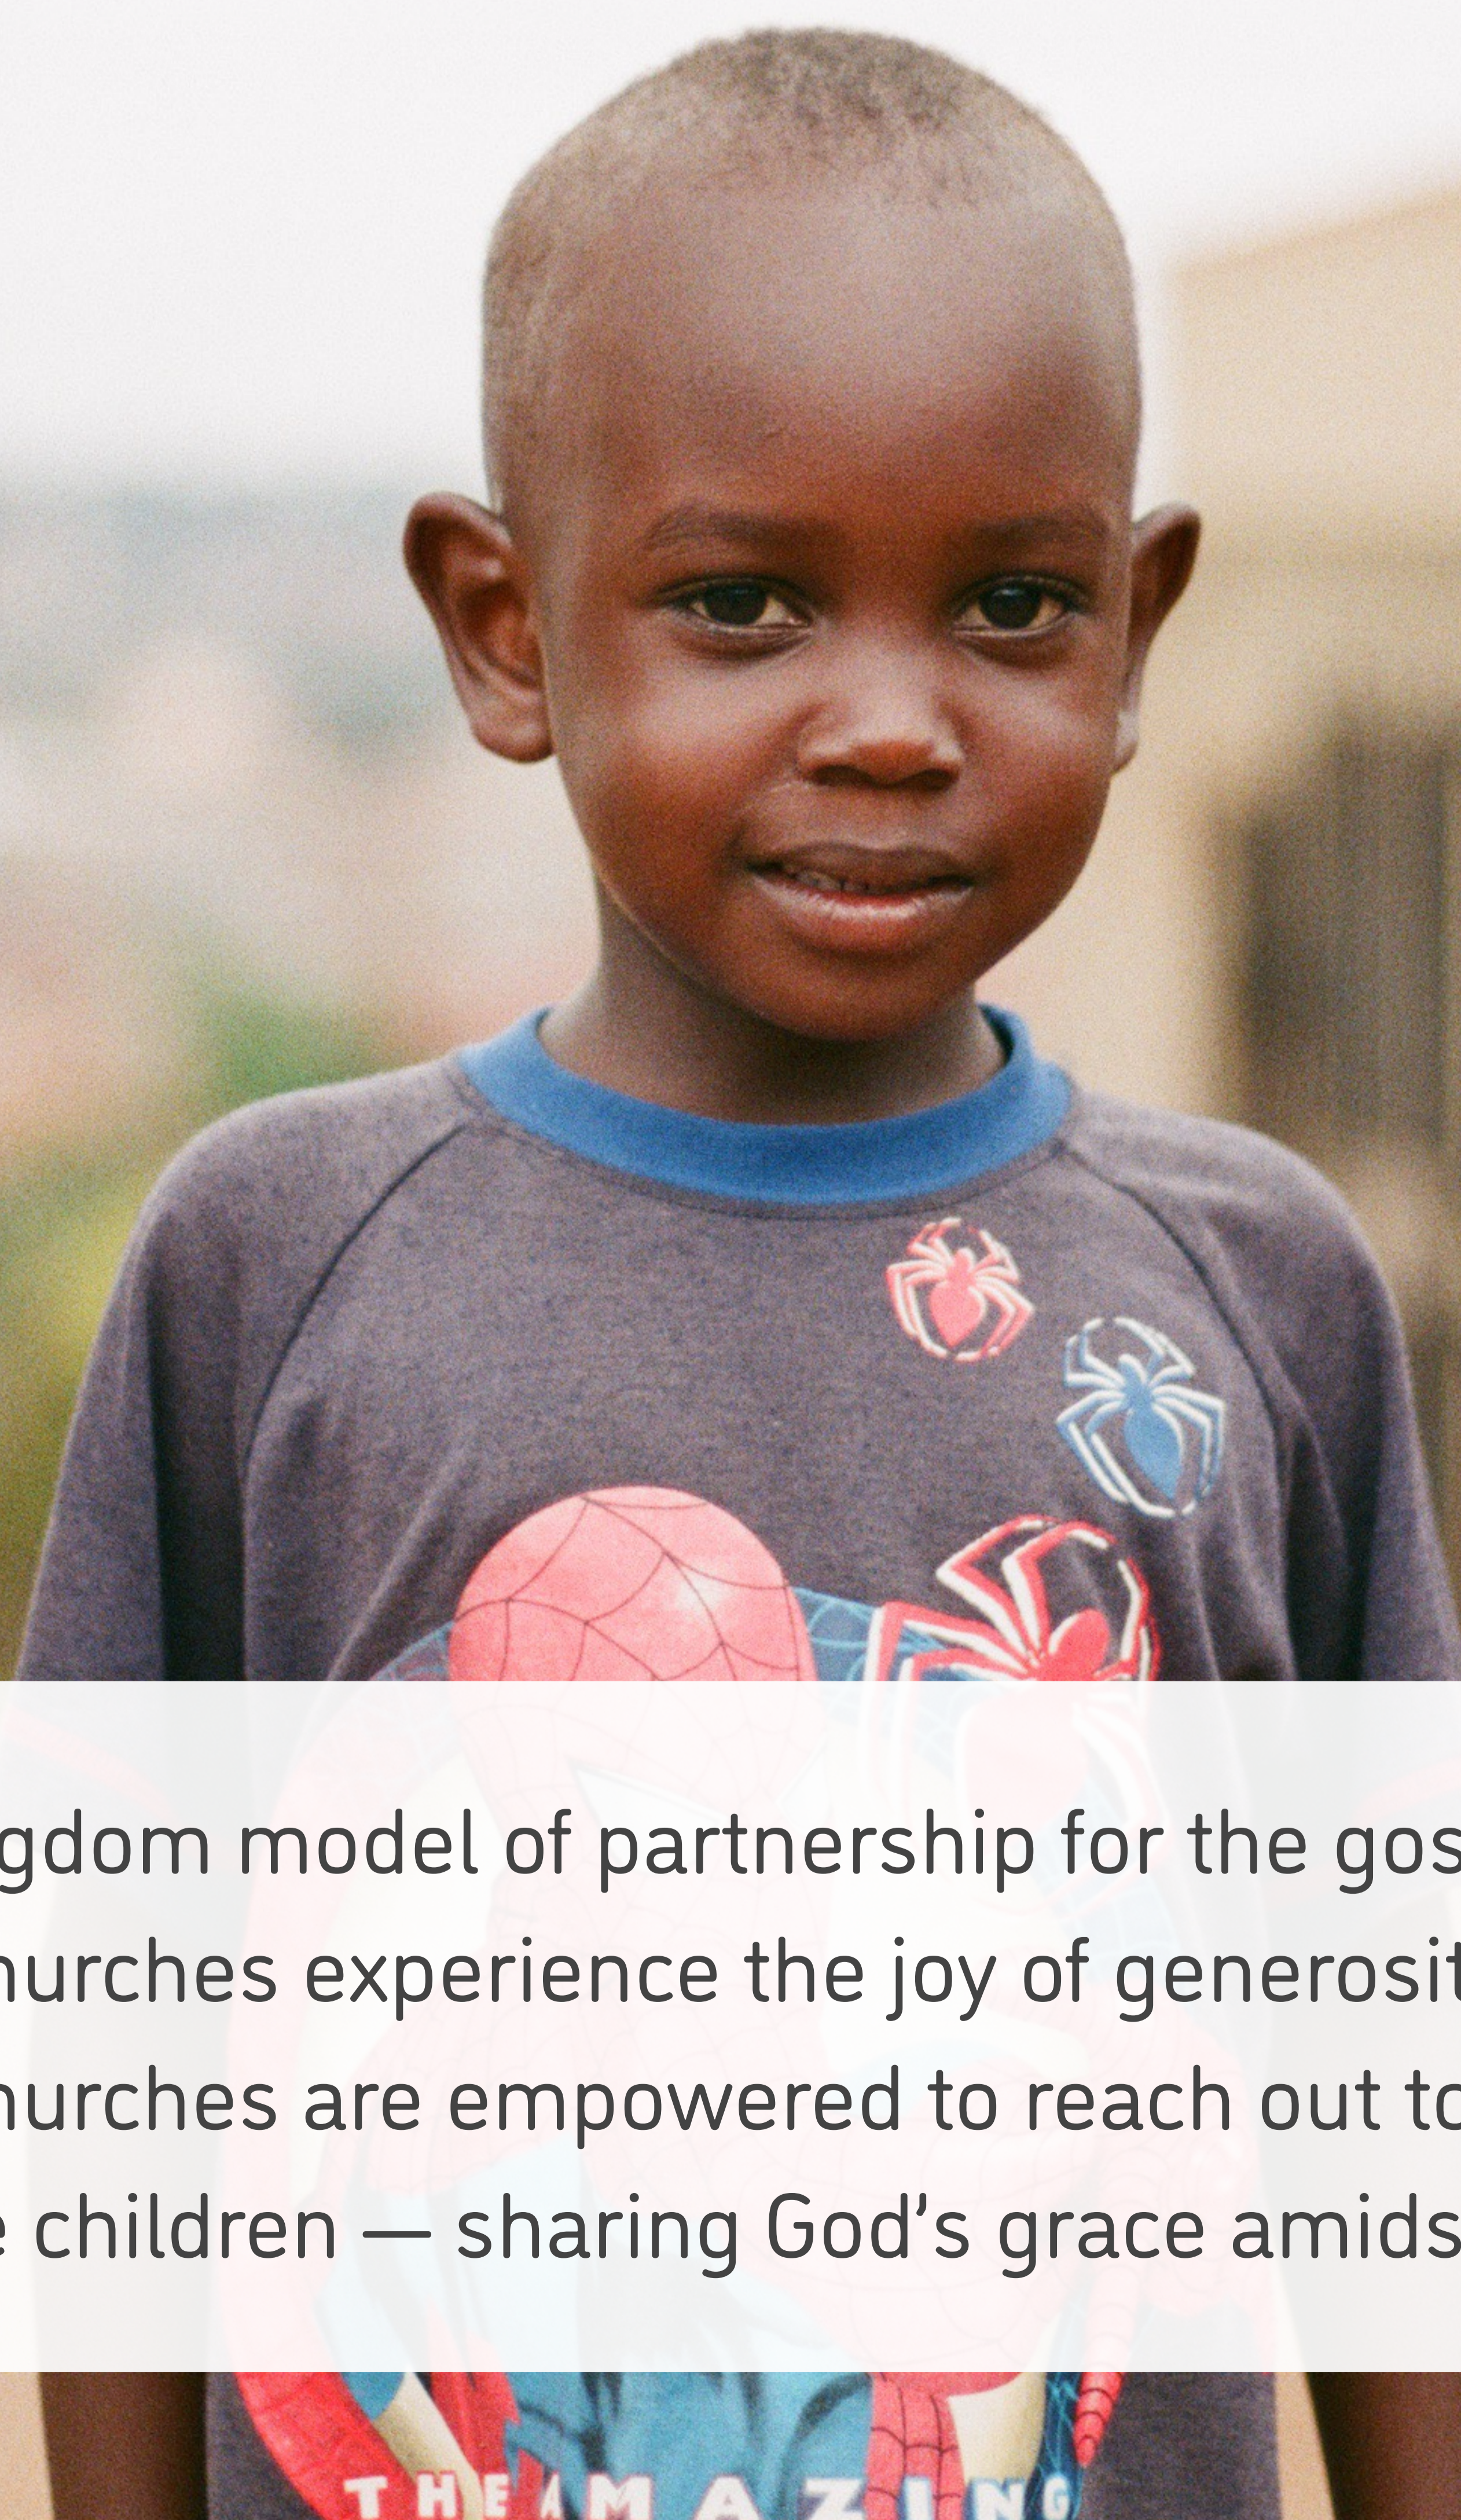

Relationship at its heart

Periodically, you have the opportunity to send and receive letters, photos, and video messages.

ZAC NIRINGIYE
CO-FOUNDER OF KARIS KIDS

"It's truly a Kingdom model of partnership for the gospel. UK families and churches experience the joy of generosity. Ugandan families and churches are empowered to reach out to orphans and vulnerable children — sharing God's grace amidst scarcity."

Private donors plus Gift Aid on donations cover operational costs, so 100% of your money goes to support the family.

“GOD SETS THE LONELY IN FAMILIES.”

PSALM 68.6

Since 2017, over **£2 million** has gone to the most deprived communities in Kampala. Karis Kids supports over 100 families and 500 children.

SUPPORTING THE WHOLE FAMILY

Child sponsorship programmes can sometimes lead to divisions in the family. By helping the whole family, every child rises together.

CHILDREN PER LINK FAMILY

On average, there are five children and one carer in each Karis family. However, there is no typical family in the slums. In one instance, a carer took in 13 non-biological children. Many are orphans, having lost parents to HIV.

FINISHING WELL

From day one, our plan works toward each family becoming self-sustaining. ‘Finishing well’ looks unique for each family but is accomplished through further education, vocational training, and small business ventures.

TWO-WAY TRANSFORMATION

This is not a one-sided programme of social relief. God’s grace is at work in both UK and Ugandan families as we partner together.
